

Briley L. Lewis

Graduate Student and NSF Fellow, Astronomy and Astrophysics
475 Portola Plaza, Los Angeles, CA 90095

January 2021

blewis@astro.ucla.edu
www.briley-lewis.com

Education

- **University of California, Los Angeles** Los Angeles, CA, USA
Ph.D Astronomy and Astrophysics 2020 - Present
- **University of California, Los Angeles** Los Angeles, CA, USA
Graduate Certificate in Writing Pedagogy 2020 - Present
- **University of California, Los Angeles** Los Angeles, CA, USA
M.S. Astronomy and Astrophysics 2018 - 2020
- **Columbia University (Columbia College)** New York, NY, USA
B.A. Astrophysics 2014 - 2018
 - Cumulative GPA: 3.70
 - Senior Thesis: Direct Imaging of Exoplanets with Project 1640

Research Experience

- **University of California, Los Angeles** Los Angeles, CA, USA
Graduate Student Researcher 2018 - Present
 - Advisor: Dr. Michael Fitzgerald
 - Investigating a theoretical framework for statistics of speckle noise in the high-contrast imaging regime, and using models to explore how we can exploit these statistics to improve contrast in observations.
 - Modeling and characterization of debris disks observed with the Gemini Planet Imager.
- **American Museum of Natural History** New York, NY, USA
REU Student and Undergraduate Researcher 2016 - 2018
 - Advisor: Dr. Rebecca Oppenheimer
 - Worked as a part of Project 1640 focused on direct imaging of exoplanets as a part of the AMNH Summer 2016 National Science Foundation Research Experience for Undergraduates program.
 - Participated in three observing runs with the Project 1640 team at Palomar Observatory in California.
 - Processed infrared images using Python to suppress speckles and detect exoplanets, created lists of targets and assisted in planning for observing runs, and assisted in confirmation of new companion discoveries using astrometry and spectral modeling.
- **Space Telescope Science Institute** Baltimore, MD, USA
Summer Student and Undergraduate Researcher 2017 - 2018
 - Advisors: Drs. John Stansberry and Bryan Holler
 - Analyzed hyperspectral images and other data products from the New Horizons missions 2015 flyby of Pluto, with the goal of investigating the relationship between topographic factors (albedo, elevation) and the distribution of volatiles on its surface.

- Created insolation models and maps of surface slopes/gradients for Pluto, based on data from New Horizons MVIC and LEISA instruments.

Awards, Grants & Honours

Joan and Arnold Seidel Griffith Observer Science Writing Contest (3rd place) . . . 2020
 UCLA Department Outstanding Teaching Award 2019
 National Science Foundation (NSF) Graduate Research Fellow 2018
 UCLA Graduate Dean's Fellowship 2018
 AAS Chambliss Undergraduate Honorable Mention 2018
 Astronomical Society of New York (ASNY) Undergraduate Research Prize . . . 2017
 Universities Space Research Association (USRA) Scholarship Honorable Mention 2017
 Division for Planetary Sciences Hartmann Student Travel Grant Recipient . . . 2017

Professional Memberships

American Astronomical Society, AAS Division for Planetary Sciences, American Physical Society

Computational Experience

LaTeX, Git, Bash (command line), Python, IDL, Mathematica, SQL, Microsoft Office Products

Teaching Experience and Outreach

- **University of California, Los Angeles** Los Angeles, CA, USA
Instructor (Cluster 70 Seminar – Astrobiology in Science Journalism) 2021
- **University of California, Los Angeles** Los Angeles, CA, USA
Teaching Assistant (Cluster 70) 2020-2021
- **University of California, Los Angeles** Los Angeles, CA, USA
TA Training Leader (Active Learning in Labs, Teaching Scientific Writing) 2020
- **BiteScis** Online
Lesson Author - Newton's 2nd Law And Acceleration: Finding Planets Using Physics 2020
- **University of California, Los Angeles** Los Angeles, CA, USA
Astronomy Live Volunteer, Planetarium Coordinator 2019 - Present
- **Astrobites** Online
Author, Ombudsperson, SciBites Chair, Education Committee 2018 - Present
- **Letters to a Pre-Scientist** USA
Scientist Pen-Pal/Mentor 2018 - Present
- **Skype a Scientist** Online
Scientist Volunteer 2019 - Present
- **Canyon High School Science Olympiad** Anaheim, CA, USA
Divisions B/C Physical Science Event Coach 2018 - 2020

- **University of California, Los Angeles** Los Angeles, CA, USA
Teaching Assistant (PHYS 495 / TA Training) 2019
- **University of California, Los Angeles** Los Angeles, CA, USA
Teaching Assistant (ASTR 3, ASTR 5, PHYS 5AL) 2018 - 2019
- **Columbia University, Department of Astronomy** New York, NY, USA
Grader, Public Outreach Volunteer 2016 - 2018

Other Community Activities

- **ComSciCon-Los Angeles** Los Angeles, CA, USA
Organizing Committee Chair / Founder 2020 - 2021
- **Icarus (Elsevier Journal, Planetary Science)** Virtual
Reviewer 2020
- **ComSciCon National Flagship 2020** Virtual
Program Organizing Committee Member 2019 - 2020
- **Astrobriles (astrobriles.etsy.com)** Los Angeles, CA, USA
Artist / Shop Owner 2018 - Present
- **UCLA Womxn in Physics and Astronomy (WiPA)** Los Angeles, CA, USA
Co-Chair 2019 - 2020
- **Columbia Alumni Representative Committee** Los Angeles, CA, USA
Prospective Student Interviewer 2018 - 2019
- **Columbia University Undergraduate Astronomy Club (BlueShift)** New York, NY, USA
Co-founder, President, and Senior Advisor 2015 - 2018

Presentations

Conference and Public Talks:

- *New Horizons and Pluto: Adventures to the Outer Solar System* (Astronomy on Tap outreach event, Los Angeles, CA, October 2020)
- *ReclaimingSTEM2020 Comedy Show* (ReclaimingSTEM Virtual Conference, October 2020)
- *Zines and Comics in SciComm* (ComSciCon Virtual Flagship workshop, June 2020)
- Astronomy research panel (Conference for Undergraduate Women in Physics (CUWiP) at UC Irvine, invited panelist, January 2020)
- *Science Communication Through the Lens of Astrobites* (AAS 235 workshop, Honolulu, HI, January 2020)
- *Summer Vacation Spots (in Space): Real Exoplanets and their Stories* (Astronomy on Tap outreach event, Los Angeles, CA, June 2019)
- *Nitrogen ice on Pluto, as seen by New Horizons* (IPAC Science Talk, invited seminar, Pasadena, CA, March 2019)
- *New Horizons: Understanding Pluto* (Columbia University Public Outreach, invited public lecture, April 2018)
- Undergraduate research panel (Conference for Undergraduate Women in Physics (CUWiP) at Columbia/CCNY/Barnard, invited panelist, January 2018)
- *Topographic Influences on Plutos Nitrogen Ice* (New Horizons Science Team Meeting (STM) invited talk, JHU APL, Laurel, MD, January 2018)
- *Direct Imaging of Exoplanets with Project 1640* (Astronomical Society of New York meeting invited prize lecture, November 2017)
- *Topographic and other influences on Pluto’s volatile ices.* (Space Astronomy Summer Program Symposium, Space Telescope Science Institute, August 2017)
- *Direct Imaging of Exoplanets with Project 1640* (Columbia Undergraduate Science Journal Speaker Series, Columbia University, April 2017)
- *Direct Imaging of Exoplanets: Extreme Astrophotography* (Arts and Astro outreach event, Columbia University, March 2017)
- *Direct Imaging of Exoplanets with Project 1640* (Summer 2016 REU Symposium Presentation, American Museum of Natural History, August 2016)

Poster Presentations:

- **B.L. Lewis**, A. Gautam, P. Arriaga, J. Salas, P. Williams, R. Lopez, M. MacDougall, A. Gibbs, R. Bentley (2020) *Local Outreach with the UCLA Planetarium* September 2020, ExSoCal, Virtual.

- **B.L. Lewis**, A. Gautam, P. Arriaga, J. Salas, P. Williams, R. Lopez, M. MacDougall (2019) *The UCLA Planetarium: Educating the West Los Angeles Community about the Universe* July 2019, ComSciCon Flagship, San Diego, CA.
- **B.L. Lewis**, J. Stansberry, W. Grundy, B. Schmitt, S. Protopapa, L. Trafton, B. Holler, W.B. McKinnon, L. Young, A. Stern, H. Weaver, C. Olkin, K. Ennico, and the New Horizons Science Team. (2019) *Distribution and Energy Balance of Plutos Nitrogen Ice, as seen by New Horizons in 2015*. January 2019, American Astronomical Society Winter Meeting, Seattle, WA.
- **B.L. Lewis**, J. Stansberry, W. Grundy, B. Schmitt, S. Protopapa, L. Trafton, B. Holler, W.B. McKinnon, L. Young, A. Stern, H. Weaver, C. Olkin, K. Ennico, P. Schenk and the New Horizons Science Team. (2018) *Topographic and other influences on Pluto's volatile ices*. January 2018, American Astronomical Society Winter Meeting, National Harbor, MD.
- **B.L. Lewis**, J. Stansberry, W. Grundy, B. Schmitt, S. Protopapa, L. Trafton, B. Holler, W.B. McKinnon, L. Young, A. Stern, H. Weaver, C. Olkin, K. Ennico, P. Schenk and the New Horizons Science Team. (2017) *Topographic and other influences on Pluto's volatile ices*. October 2017, Division for Planetary Sciences, Provo, UT.
- **B.L. Lewis**, R. Oppenheimer (2017). *Direct Imaging of Exoplanets with Project 1640*. January 2017, Conference for Undergraduate Women in Physics, Princeton University, Princeton, NJ.
- **B.L. Lewis**, R. Oppenheimer (2016). *Direct Imaging of Exoplanets with Project 1640*. Fall 2016, Columbia Undergraduate Research Symposium, Columbia University, New York, NY.
- **B.L. Lewis**, R. Oppenheimer (2016). *Direct Imaging of Exoplanets with Project 1640*. AstroFest 2016, Columbia University Department of Astronomy, New York, NY.

Other Conferences and Workshops Attended:

- 237th American Astronomical Society Meeting, January 2021, Virtual.
- ReclaimingSTEM 2020, September 2020, Virtual.
- Virtual ComSciCon Flagship, June 2020. (Program Organizing Committee)
- 235th American Astronomical Society Meeting. January 2020.
- Center for Adaptive Optics Fall Science Retreat, Workshop on High Contrast Exoplanet Imaging Performance, November 2018
- 2018 Dunlap Institute Summer School for Astronomical Instrumentation, Toronto, Canada, July 2018
- SAMSI Astrostatistics Workshop for Undergraduates, Research Triangle Park, NC, October 2016
- CoolStars19, Uppsala, Sweden, June 2016
- APS Conference for Undergraduate Women in Physics (CUWiP), Wesleyan College, Middletown, CT. January 2016
